

7.9998.6.00 / 7.9998.7.00 / 7.9998.T.00

## Cleaning Carrier

7.9998.7.00

7.9998.T.00

### Application

- Cleaning inside tubes
- Dry or wet cleaning possible
- Cleans out dust, obstacles and blood products

**Material:** Steel, aluminium, PCV-U, PU (foamed)

**Colour:** Silver, dark grey

### For

	Tube dimension Do	Bend radius [mm]
7.9998.6.00	110	650
7.9998.7.00	132	650
7.9998.T.00	160	800

### Operation

- To clean wet, soak the sponge rings with detergent first (no aggressive detergent!)
- Let the carrier run through the system
- If the sponge is contaminated with health hazardous substances, they have to be removed and disposed (e.g. by cutting them off)
- The carrier is only made for point-to-point cleaning – please do not run it automatically over several send- and receive-stations

### Delivery Scope

- Cleaning carrier with two cleaning sponge rings (exchangeable)

### Spare Parts

- Cleaning sponge rings

We reserve the right of changes!
